SUMMARY

Frontend Developer with 3+ years of experience building responsive, modern, and user-focused web interfaces using HTML, CSS, JavaScript, React.js, and Next.js, now growing into a **Full Stack Developer** with **Node.js**, **Express.js**, and **Supabase**. Skilled in **pixel-perfect Figma-to-UI** implementation, responsive layouts, reusable components, and RESTful API integration.

WORK EXPERIENCE

Front End Developer

Jan '25 — Present

Drudots Technologies

Lahore, Pakistan

- Developed and maintained scalable web applications using **React.js** and **Next.js**, integrating **RESTful APIs** and reusable component-based architecture to build dynamic, maintainable, and data-driven applications.
- Translated user stories into technical requirements, customized **Next.js applications** to meet business and UX goals, and ensured **cross-browser compatibility**, while improving debugging and deployment workflows.

Front End Developer

Dec '22 — Dec '24

Stylee.pk

Faisalabad, Pakistan

- Built responsive, mobile-first web applications using **React.js** with reusable components and improved UI/UX across devices.
- Collaborated with **cross-functional Agile teams** to maintain code quality, meet deadlines, and deliver quality products.

Computer Operator & Database Administrator

Jul '19 — Jul '22

Public Administrator

Haroonabad, Pakistan

- Handled data management, record keeping, and daily system operations with accuracy and efficiency.

Web Developer

Jul '18 — Jul '19

National Textile University

Faisalabad, Pakistan (Remote)

Delivered remote **web development** services and technical deliverables for the Department of Computer Science.

IT & Network Administrative

Jul '17 — Jun '18

DC Office

Haroonabad, Pakistan

- Administered **Windows Server** environments, performed **network troubleshooting**, handled hardware/software installations, backups, and end-user support.

PROJECTS

TaskFlow Pro

- Built a **full-stack** Kanban-style project management SaaS (Trello/Asana-like) using **Next.js**, **TypeScript**, **Tailwind CSS**, and **TanStack Query**, with drag-and-drop boards, a Tiptap rich-text editor, and Zod form validation.
- Integrated **Supabase** for authentication, **Row Level Security**, database triggers, and file attachment storage.

Mixxer App [Link](#)

- Built a **mobile-first React.js application** for personalized meetups, helping users discover and plan outings based on interests, schedules, and group preferences.
- Developed intuitive **decision-making workflows** that improve user engagement across mobile and tablet devices.

AmeXio Fuse [Link](#)

- Developed AmeXio Fuse, a content operations platform using React.js to deliver responsive, user-friendly interfaces, reusable components, and seamless content management workflows that improved customer experience and operational efficiency.

SKILLS

Frontend Skills React.js, Next.js, TypeScript, JavaScript (ES6+), Redux Toolkit, HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI, Figma to UI, Prompt Engineering, State Management, Frontend Performance Optimization, Context API, Core Web Vitals, React Testing Library, Jest

Backend Node.js, Express.js (currently deepening), RESTful API Development, Authentication

Database & BaaS Supabase (Auth, Row Level Security, Storage, Triggers)

APIs RESTful APIs

Version Control Git, GitHub

Deployment Netlify, Vercel, GitLab

Languages English

EDUCATION

Bachelors in Computer Science, Islamia University of Bahawalpur, Pk

Bahawalpur, PK

CERTIFICATIONS

Coursera Meta Front End Developer, Udemy Web Development Bootcamp
